REPORT OF THE EXECUTIVE COMMITTEE FOR THE YEAR 1940.

THE second year of the war has brought every Hospital into the front line of home defence with increased responsibilities. There is imperative need of preparedness for every emergency and at the same time the duty of maintaining the normal services of the Hospital despite war-time difficulties. That these two objects have been satisfactorily achieved is due to the loyal efforts of all who work at or for the Hospital, including many volunteers, and to the continued generosity of friends and supporters throughout the area served.

Though two doctors have proceeded on war service, the remaining Honorary Medical Officers have cheerfully met every call on their skill and energy. The Hospital's grateful thanks must be given to them, as also to the Honorary Surgeons, Honorary Radiologists and their Assistant, the Honorary Masseuse and all other Honorary officials of the Hospital. The Committee wish to commend in the highest degree the devoted and efficient work of the Matron, Miss Francis, and the Assistant Matron, Miss Syme, who have had excellent help from the Nursing Staff. Except for the usual succession of junior nurses, the Nursing Staff has remained unchanged throughout the year. The domestic staff however lost two experienced hands, and it is greatly to Matron's credit that all work has been smoothly accomplished.

The office work has been very heavy, with a steady flow of circulars, returns, rationing requisitions and complicated account statements. But the ability and unfailing energies of Miss Taylor as Hospital Clerk have again been equal to all demands without extra help.

The Committee's sincere thanks are once more due to Captain R. B. Holmes, A.C.A., Honorary Auditor, and especially to Mr. E. Nash, Honorary Solicitor, for ready assistance and advice.

There have been few changes in Committees. Dr. Jameson Evans has succeeded Dr. Martin on the Executive Committee, whose Chairman, Major Ford Young, has taken up full-time military duties but has nevertheless kept in touch with the Hospital and given valuable help and advice. The General Committee have decided to meet half-yearly in January and July for the duration of the war, and the Annual Meeting will in future be held in April, one month later than heretofore. The loss of General Matthews, who was in turn Chairman of the Executive and General Committees and was keenly interested in the Hospital, will be deeply felt.

The work done at the Hospital during the year under report was less than in the preceding year, the first half of which in the pre-war period was the busiest ever experienced. The first and last quarters of 1940 were normally active, but during the second and third quarters there was a slacker period. Private patients, however, were as numerous as usual, and the X-Ray Department was busy throughout the year. Dr. Jameson Evans has kindly continued

his blood-transfusion work, and registration of sixty blood-donors has now been completed. The total number of war-casualties hitherto received has been small and well within our capacity ; but seven extra beds with bedding have been received from the Ministry, and Hospital comforts for these beds have kindly been provided by the General Hospital Supply Service of the Red Cross through the Countess of Malmesbury. Other arrangements have also been made to deal with problems that may arise in an emergency.

Special protective measures for A.R.P. purposes were fully described in the last Annual Report. This protection has been improved and increased and is now reasonably complete. The black-out arrangements have caused much trouble but have lately been made more effective. Sandbag barricades began to collapse at the end of last summer and were either reconstructed with timber and corrugated iron sheets or surrounded by brick walls filled with sand, and new barricades were added. Windows also have been given protection throughout the Hospital. Special efforts by the Staff and vigorous work by Volunteers, amongst whom Messrs. A. Parsons, R. J. Rudkin, and Colonel Lyall-Grant were conspicuous, have greatly reduced the cost of these operations. The Hospital is also much obliged to Messrs. Goodall of Basingstoke, Contractors, who undertook construction at short notice. The Emergency Section centred in a marquee again kindly lent by Mr. R. Pool, attended exercises and alarms during the summer months, and though disbanded for the present will, it is hoped, reassemble to meet any critical situation. The Committee are greatly indebted to all such volunteers, and particularly to Mrs. Eastwood, who assisted in this section. The training in our wards of members of local B.R.C. detachments has been continued, and hearty thanks are due to several volunteers for their assistance in nursing. Hospital volunteers enlisted to perform Warden's duties at the Hospital carried out many exercises in co-operation with the local A.R.P. organization and have since May last been performing regular night-duty in rotation at the Hospital, which has also been attended on every alarm sounded during day-time. To all these and other such helpers the Committee tender their grateful thanks.

As a result of air-raids the number of casualties in an area attacked has sometimes been so great that efficient aid has proved to be beyond local resources. "Mobile Surgical Teams" have therefore been organized for mutual help between Hospitals within a limited radius of each other. Such teams act as a relief or are additional to existing Hospital staff, and take a certain amount of surgical equipment with them. Each team consists of a surgeon, anaesthetist and sister. The team of this Hospital consists of Mr. Maynard Heath, Dr. Dobbin, and Sister Syme.

As regards the financial results of the year, the Committee gladly recognize the help received from the Government in respect of beds reserved at the outbreak of war, expenditure on A.R.P. measures other than the black-out, and the cost of treatment of casualties due to enemy action. Claims under the above heads have been or are being very fairly met by the Ministry of Health. Friends and supporters must however realize that whilst the Hospital is being reimbursed for actual war-time liabilities, its normal work is being and must be carried on and that, whilst prices are steadily increasing, some diminution of ordinary receipts is inevitable. The final results of the year under report are on the whole reassuring. Subscriptions have again fallen to some extent, but a donation of £50 from Mrs. Widenham Fosbery in memory of her husband was a great help. Little income was expected from Entertainments ; but two extraordinary receipts have been forthcoming, namely £77, almost double the usual collection for Queen Alexandra Rose Day in Hartley Wintney and District through Mrs. Balgarnie, and £49 as proceeds of private Whist Drives, etc., organized in Fleet by Mrs. Charles White and Mrs. A. W. Parsons. Church Collections also, especially for Hospital Sunday through the British Legion at Hartley Wintney, show a remarkable increase. Best thanks are also due to the "Lads of the Village," and to Mrs. Vivyan for organizing the usual dance at Rotherwick. Valuable support has again been received from the League of Mercy, the Hampshire County Council and Fleet Urban District Council. As the Statement of Accounts shows, £200 were available from 1939 and £150 from 1940 to purchase 467 National Savings Certificates as a fluid investment to meet future needs. The balances of the

Extension Fund and X-Ray Fund have also been suitably invested in Government securities. The Committee very sincerely thank all subscribers, donors, grateful patients and other supporters who have enabled the Hospital to maintain its financial position.

The Hospital is greatly obliged to our Local Agents in various centres, and especially to Colonel Sewell in Hartley Wintney, Mrs. Wilks in Ewshott, and Mrs. Willmore in Fleet, who have a heavy responsibility in collecting subscriptions. In Fleet, owing to war conditions, this work is particularly arduous, and the Committee wish to express their gratitude to Mrs. Willmore and her Collectors for all the time and trouble taken in this good cause.

"Pound Day" Collections organized by Mrs. Ford Young for Crondall and by Miss Chinnock for the rest of our area, were most gratifying. Owing to food restrictions donors were invited to send a cash equivalent as an alternative to usual gifts. As a result the Hospital received excellent supplies in kind and as much as £50 in cash, all of which has been spent directly on stocks of provisions. All organizers, helpers and contributors are heartily thanked for this very successful effort.

The Hospital is grateful for continued help kindly given by the Red Cross Depot and Ladies of the Linen Darning Party, and equally to the Ladies' Linen Guild through Mrs. Sparks for provision of house linen. Details will be seen in the Accounts on page 16.

The "Tea and Biscuits" Service for visitors to patients again proved most successful and has provided a donation of £14 10s. for Hospital funds.

It is a great satisfaction that the Contributory Scheme is continuing its admirable activities during war-time, and has been able to give the same valuable support as in past years to Hospital finances. The Committee take this opportunity of acknowledging their obligations to the Scheme and the splendid loyalty of Honorary Collectors. The Hospital's thanks are also due to the Organizer, Mr. Mason, for his sympathetic help in the solution of any problems that may arise. The membership of the Scheme has been well-maintained in our area, and about 65% of the patients in our public wards during the year belonged to it.

The reorganization of the Hospital system in this country is being planned under a scheme known as the "Regionalization Scheme," the main objective of which is to co-ordinate the work of Voluntary Hospitals and of the Public Health authorities by grouping Hospitals round a large key-Hospital with a view to improving the services rendered and avoiding duplication and overlapping. This co-ordination is to be on a regional basis, the regions corresponding roughly to the Civil Defence regions, and being sub-divided, when necessary, into divisions. In each such area there will be a Council consisting of delegates nominated by the Hospitals in it. Some financial aid will be available from the Nuffield Provincial Hospitals Trust, a fund formed by Lord Nuffield in December, 1939. The Trustees will make grants for approved purposes to Regional Councils for distribution to associated Hospitals. The Councils will not interfere with the financial and administrative independence of individual Hospitals, but will have the power to review the services and accommodation provided by them, and may propose modifications and additions in the interests of the locality as a whole. After making careful enquiries this Hospital decided to join the Surrey Divisional Council. The key-Hospital of the Division is the Royal Surrey County Hospital at Guildford. Dr. Gordon Rudkin and Lt.-Col. W. M. Anderson have been appointed as this Hospital's medical and lay delegates to that Council.

The ensuing year will be a critical one ; but whatever may come, this Hospital will continue to do its utmost to serve the public with all its resources.

SCALE OF HOSPITAL CHARGES

(August 1st, 1934).

ADULT RATE—For those over 15 years of age :—

(a)—Wage earners shall pay half their weekly earned income. The patient, or a parent or relation, is to state in writing what the weekly earned income of the maintainer of the home is, and where employed.

(b)—In cases where there is no wage earned or in which board or lodging is provided in addition to a wage, a charge of two-thirds of the cost of maintenance in Hospital will be made, subject to a minimum of ten shillings a week when the circumstances of the patient justify a reduction.

JUVENILE RATE—For Children up to and including 15 years of age :—

The charge will be one-half the Adult rate. A statement in writing regarding income and employment of maintainer of home must be given on admission.

The above Scale of Charges (excepting as shown in NOTE A below), applies only to those resident in the area stated on page 2. Patients resident outside this area are to pay the full cost of their maintenance whilst in Hospital.

When the financial circumstances of a patient are such that the prescribed charge cannot be paid, an appeal for reduction or remission may be submitted in writing to the Executive Committee.

SPECIAL CHARGES.

NOTE A—In view of special contributions made by them to Hospital Funds, Ex-Service Men of Hartley Wintney and Hartley Wespall pay two shillings and sixpence in the pound of earned income. Ex-Service Men of Fleet are entitled to one free bed at a time, if available.

THEATRE CHARGES.—The charge for casualty cases and for minor operations on cases not remaining as in-patients is three shillings and sixpence.
